Sentinel Comprehensive Testing

Live Rodent Comprehensive Exam **\$175.00**

Includes animal euthanasia using Isoflurane overdose; intracardiac blood collection with blood processing for serology (if serology testing is requested); gross necropsy; parasitology; aerobic bacteriology (respiratory and intestinal tracts); histology

Rodent Comprehensive Exam **\$165.00**

(same as Live Rodent Comprehensive Exam above except euthanasia and blood collection and blood processing)

Microbiology

Aerobic culture & identification **\$28.00**

Aerobic culture & identification with antimicrobial susceptibility **\$42.00**

Urinalysis **\$10.00**

Urinalysis with culture & identification **\$35.00**

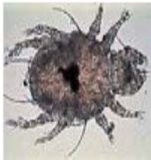

Urinalysis with culture & identification and antimicrobial susceptibility **\$57.00**

Biological Indicator **\$17.75**

Bacterial culture identification at the Animal Health Centre, Abbotsford, BC **\$100.00**
First Sample (Includes processing and shipping fee)

Bacterial culture identification at the Animal Health Centre, Abbotsford, BC **\$47.75**
Each subsequent sample

Microscopic examination (Gram stain) **\$10.00**

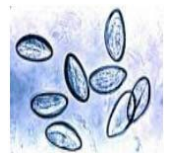

Parasitology

External and Internal Parasites Parasite Examination **\$39.00**

Includes direct observation, trichogram, cellophane tape test, direct microscopy of cecal contents, fecal flotation

External Parasite Examination **\$16.00**

Internal Parasite Examination **\$23.00**

Blood Processing

Live rodent submitted **\$10.00**

Includes euthanasia of animal by Isoflurane overdose, intracardiac blood collection, blood processing

Blood sample submitted **\$5.00**

Includes blood processing (for requested assay)

Pathology

Gross Necropsy

Includes gross examination, necropsy, and written report on gross findings without histopathology.

Animal species:

- Rodent (non-sentinel) \$55.00
- Rabbit \$65.00
- Pig \$100.00
- Fish \$25.00
- Bird \$35.00
- Reptile \$35.00

Complete Necropsy with Histopathology

(may include other diagnostic tests if necessary – as per pathologist discretion)

Animal species:

- Small Rodent \$150.00
- Small Rodent (*in-house*) \$100.00
- Medium/Large Animal \$250.00
- Medium/Large Animal (*in-house*) \$160.00

Free Gross Necropsy of Rodents for unexpected mortalities identified by facility managers or veterinarians. Includes slide interpretation. All other histopathology fees apply.

Histology

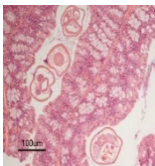

Basic Histology Service \$13.00

Trimming, embedding and H&E staining

Histopathology Slide Preparation \$18.00

Specific needs (paraffin embedding, sectioning from block, H&E staining)

Special stains (please contact Diagnostic lab) -

Idexx-Radil

Serology / PCR Services
